

The Next Release of CAMPUSCALL.

Paul Ruffalo, Director of Information Systems
Bart Showalter, Sr. Vice President, Software

We've been hard at work developing and testing the next release of CAMPUSCALL. We are very pleased to be able to demonstrate and discuss several exciting new features of CAMPUSCALL. This next release is provided at no additional charge to all CAMPUSCALL customers who are using CAMPUSCALL version 3.

New features to be demonstrated include Online Giving Integration, Survey capability, our new CALL Center Resources package which includes Timeclock, scheduling, and Dashboard capabilities. We'll also be explaining and demonstrating exciting new capabilities of our new integration with QAS for address standardization.

We will also discuss some changes to the structure of CAMPUSCALL which will enhance performance of the system and issues which have been resolved. Implementation of the next release will be explained as well.
