

Colgate

a liberal arts university

2,800 students. 51 majors. Division I athletics.

Everything you need is here.

75%

Clean energy for heat

Since 1981 Colgate has burned wood chips for the campus' heat and hot water needs. Our colors are maroon and white, but Colgate is going green.

90%

Classes with fewer than 30 students

Your contributions will count from day one. Your peers will challenge you — just like you, they come from the top of their high school class.

100%

Demonstrated financial need met in full

Many people assume that a private, highly selective university will be too expensive. However, Colgate's generous need-based financial aid will help make your education affordable.
